Diversity Business RESOURCE CENTER

OPPORTUNITY STARTS HERE

The Diversity Business Resource Center (DBRC) is a business resource center that provides a single point of contact for minority, women, and other disadvantaged business owners who seek information and referrals to start, sustain and grow their businesses.

The DBRC accomplishes this through:

- **One-on-one consulting** from strategic partners such as the SBA Women's Business Center, the University of Pittsburgh SBDC, Allegheny County MWDBE Department, PA Department of General Services, US Small Business Administration and other industry experts in all areas of business development
- **Seminars** focusing on issues relevant to these businesses
- Opportunities to **network** with other clients, purchasing and economic development representatives on a regular basis
- **Notification** of contracting and networking opportunities
- Availability of **conference rooms** for meetings and small trainings
- **Advocating** for minority, women, veteran and other disadvantaged business opportunities
