

**Kudos: Hannah Shankle**

The Honorable Jennifer McCrady, Allegheny County Court of Common Pleas, sent an email commending Hannah Shankle, caseworker III.

The email begins, "As we often do not share the good stories – which we should more often – I am writing to tell you what an incredible job Hannah Shankle has done on one of my cases." Judge McCrady continues by explaining that Hannah has shown impeccable court work, excellent presentation skills, and follow up that goes above and beyond.

The email concludes, "If this child did not have Hannah as her caseworker I am not sure that she would be thriving today in a foster home. I really cannot say enough about Hannah's work, commitment and dedication. She is truly an excellent caseworker, and the families she serves are extremely lucky to have her."
