

Kudos: Kristin Bolen

Amy Sula, manager of integration support in the Office of Children, Youth and Families (CYF), received an email commending Kristin Bolen, Child Health Evaluation Coordination Support (CHECs) nurse in the North Regional Office (NRO). The letter writer, a supervisor at NRO, stated that recently Kristin had only a few hours to get some information for a family and Kristin “nailed it.” Thanks to Kristin’s hard work, the case could be closed the next day. The letter writer concludes, “I am incredibly thankful for such an amazing support person at NRO. It makes life so much easier and takes work away from the overwhelmed!”
