Kudos: Shannon Evans and Stephanie Cheema

Stephanie Cheema, clerk typist II in the Office of Children, Youth and Families (CYF), recently sent an email thanking Shannon Evans, emergency/risk coordinator in Integrated Program Services (IPS), for conducting Stop the Bleed trainings at DHS.

On May 4, Stephanie was waiting at a bus stop when she saw a teenaged boy get stabbed. Using the knowledge she gained during a Stop the Bleed training last year, Stephanie quickly sprang into action. She asked a person standing nearby to call 911, held a clean face mask to the wound and kept the teenager calm until the paramedics arrived.

Stephanie said, "Thanks to [Shannon] and the Stop the Bleed training, I possibly saved a life."
