At the Pittsburgh Mercy Family Health Center - Uptown, we strive to provide person-centered, integrated health care. Here, you are a valued partner in your care and you are treated as a whole person – body, mind, and spirit – with planned and coordinated life-long care. We offer care coordination for persons with complex medical and behavioral health needs. Our team is made up of experienced, compassionate, and prepared medical providers, care managers, and peer specialists to support you with all of your health needs.

Our Services

We offer a wide range of primary care services including:

- Family medicine (routine and acute appointments)
- Physical exams
- Diagnostic screenings
- Laboratory services
- Immunizations
- Geriatric care
- Chronic disease management and support groups
- Hepatitis C treatment
- Women's health appointments.

Care Management

Our group of care managers can help to assist and guide you in the following areas:

- Connections with social and community supports
- Housing resources
- Transportation resources
- Employment resources
- Social Security and other benefits resources
- Crisis management resources.
