GENERAL INSTRUCTIONS AND INFORMATION

Purpose
Allegheny County is soliciting proposals from qualified proposers to provide drug and alcohol testing services to clients involved with the child welfare system. Allegheny County’s child welfare services are provided by the Office of Children, Youth and Families in the Department of Human Services (DHS). DHS would like to improve the convenience of the testing process by increasing the number of testing locations as well as evening and weekend hours at some locations. The County, on behalf of DHS, intends to enter into an Agreement with one Successful Proposer for approximately $175,000 per year for a term of three years. If the Proposer anticipates that the cost to provide the Contract Services will exceed this amount, justification for higher costs should be provided in the Proposal.

General Information about a Request for Proposal
Allegheny County issues Requests for Proposals (RFPs) to identify entities with the ability to meet the identified needs and quality standards within specified program and funding guidelines. Evaluation criteria are included in an RFP to measure how well a Proposal meets these criteria. The County may request additional information and/or a presentation from the Proposer during the Proposal evaluation period. Following the evaluation period, an Agreement to provide the Contract Services may be awarded to the most qualified Proposer(s), that is, the Successful Proposer(s).

The issuance of this RFP does not obligate the County to enter into an Agreement with any Proposers.

Communication about this RFP
DHS is the “Issuing Office” for this RFP and is the sole point of contact for all questions and communication regarding this RFP. All communication about the RFP, including requests for additional information or clarification, should be submitted via email to:

A listing of M/W/DBEs certified by Allegheny County and the Pennsylvania Unified Certification Program can be found at www.county.allegheny.pa.us/mwdb

BACKGROUND

About DHS
DHS was created in 1997 to consolidate the provision of human services across Allegheny County. It is the largest department within Allegheny County government. In addition to its Executive Office, DHS encompasses five program offices (Behavioral Health; Children, Youth and Families; Community Services; Intellectual Disability; and the Area Agency on Aging) and three support offices (Administrative and Information Management Services; Community Relations; and Data Analysis, Research and Evaluation). Last year, DHS served more than 210,000 individuals (approximately one in six County residents) through an array of 1,700 distinct services.

DHS is responsible for providing and administering publicly-funded human services to Allegheny County residents and is dedicated to meeting these human service needs, particularly for the County's most
vulnerable populations, through information exchange, prevention, early intervention, case management, crisis intervention and after-care services.

DHS provides a wide range of services, including: services for older adults; mental health and drug and alcohol services (includes 24-hour crisis counseling); child protective services; at-risk child development and education; hunger services; emergency shelters and housing for the homeless; non-emergency medical transportation; job training and placement for public assistance recipients and older adults; and services for individuals with intellectual and/or developmental disabilities.

DHS provides services to eligible individuals without regard to race, color, sex, gender identity or expression, sexual orientation, age, religion, national origin, political affiliation, disability, familial status, military service, or religious, community or social affiliations.

Drug & Alcohol Testing in Allegheny County
In child welfare cases where there are allegations of substance use (on the part of the adults and/or children), testing is used to determine usage and/or maintenance of sobriety. If a case is court-active (open dependency cases in Court of Commons Pleas of Allegheny County, Family Division “Family Court”), the Court may order random drug and alcohol testing. In these cases, random screens continue until a new order is entered by the Court, giving permission to discontinue screens, or until the case is closed.

Prior to 2002, drug and alcohol testing services were provided by the Allegheny County Health Department (ACHD) office located on Forbes Avenue in Pittsburgh’s Oakland neighborhood. This arrangement worked well when Juvenile Court was also located on Forbes Avenue in Oakland because in cases in which there were allegations of drug and/or alcohol use that were brought before the Court, clients would be referred to the conveniently-located ACHD for testing.

However, when Juvenile Court moved to its current location – the Family Law Center in Downtown Pittsburgh – in November 2000, it became inconvenient to send clients from the new Downtown court facility to the ACHD Oakland facility. In an effort to improve convenience and compliance, an agreement was entered into by DHS, ACHD and Family Court, for an in-house drug and alcohol laboratory located at the same site as Family Court. That laboratory has been operating since 2002 and serves clients Monday through Friday from 9:00 a.m. – 5:00 p.m. A second drug and alcohol testing location was opened in 2005 at the Wander Building in McKeesport, to more conveniently serve clients from the Mon-Valley, Duquesne and Clairton areas. The McKeesport site screens clients Monday through Friday from 3:00 p.m. – 7:00 p.m. Currently, both sites provide a 12-panel urine drug test and a saliva alcohol test.

Approximately 840 clients are referred monthly to the two testing centers. However, almost half of these clients do not follow through with the referral. DHS believes that convenience is an issue and that compliance rates will increase with the addition of more locations and with expanded evening and weekend hours.

**SCOPE OF SERVICES REQUESTED**

Allegheny County is soliciting proposals from interested and qualified proposers to provide drug and alcohol testing services to clients involved in the child welfare system. DHS would like to improve the convenience of the testing process by increasing the number and convenience of testing locations, including sites which offer
evening and weekend hours. Referral sources will be Family Court Judges, CYF caseworkers and CYF casework supervisors.

The Successful Proposer must:

- Be certified, by the Pennsylvania Department of Health, Bureau of Laboratories, to conduct drug testing. Maintenance of such certification is essential to performance. Successful participation in an approved proficiency testing program is also required to assure continued proficiency in drug and alcohol testing. Urine drug testing must utilize standard and approved methodologies to determine the presence or absence of the specified drugs and/or alcohol.

- Provide a 12-panel urine drug screening assay classified as a Clinical Laboratory Improvement Amendments (CLIA) test of moderate complexity. The test should cover cocaine, barbiturates, tetrahydrocannabinol (THC), oxycodone, amphetamines, benzodiazepine, phencyclidine (PCP), opiates, propoxaphene and methamphetamine.

- Provide the Alco saliva alcohol test, a CLIA-waived test.

- Operate licensed testing centers in several communities within Allegheny County, at least some of which offer evening and weekend hours.

- Have a rigorous process for verifying the identity of clients and work with DHS to establish a protocol in those instances when a client does not have a valid form of identification.

- Use an external positive and an external negative control test at least once daily at each site prior to performing the assay with client specimens.

- Provide clients with information related to drug and alcohol testing and the results of the screening. If the screen is positive, the Successful Proposer should ask the client to complete the drug use acknowledgement form, and, if the client disputes the substance use, refer the specimen to a reference laboratory to conduct the confirmatory testing.

- Ensure that the client provides appropriate disclosure of all medications that are being taken at the time of screening.

- Provide drug and alcohol testing services that are inclusive of all genders, family structures and levels of ability.

- Provide direct observation of urine collection and match the client and screener by sex.

- Treat all clients with respect and ensure that clients are monitored by a staff member with whom they feel comfortable.

- Send results to the appropriate entities in a timely and secure manner. The Successful Proposer’s process for these activities, as well as record maintenance, must comply with HIPAA and other applicable privacy and confidentiality standards.
• Process payments from multiple stakeholders and establish a process to ensure that DHS is the payee of last resort.
• Maintain quality control records for the external controls used in urine drug screening for at least two years.
• Provide monthly and quarterly reports of testing activities and results to DHS.
• Have a plan for quality assurance, including a plan for participation in proficiency testing and corrective action in the event of a deficiency in such testing.

Budget
Funding is approximately $175,000 per year for a term of three years with the option to renew. Based on previous experience, we anticipate that approximately 3,500 individuals will utilize this drug and alcohol testing service in community settings annually.

Proposers are responsible for the full cost of all licensing, certification, proficiency testing, evaluation and administration in connection with the provision of the drug and alcohol testing services; all costs must be reflected in the Proposal.

Selection Process

DHS will use a formal evaluation process to select the Successful Proposer, including review of the Proposal and additional information/presentation as requested. DHS may contact individuals or entities with whom the Proposer has had dealings in the past, regardless of whether or not they are included as references in the Proposal.

DHS will perform an initial screening of all Proposals received. For a Proposal to be eligible for evaluation, the Proposal must be:

- Received from the Proposer by the due date/time
- Properly signed by the Proposer
- Properly formatted and include required forms and sections

Proposals that do not meet the initial screening are subject to rejection without further evaluation.

After the initial screening has occurred, the evaluation process for Proposals is as follows:

- DHS will designate an evaluation committee to review and evaluate all Proposals submitted in response to this RFP. The evaluation committee may consist of some or all of the following individuals:
  - County employees/contractors
  - Representatives of foundations, educational institutions, community and civic organizations, businesses and/or non-profit agencies
  - Individuals selected for subject matter/content expertise or experience, or by virtue of other relevant experience/knowledge

- The evaluation committee will evaluate the Proposals based upon the Scoring Criteria listed above.
- The County shall have exclusive discretion to shortlist a small number of Proposals receiving the highest or most satisfactory evaluations for more extensive review.
- If determined necessary, DHS may contact the Proposer for the purpose of clarifying any ambiguities in the Proposal, requesting Proposal modifications, or discussing Budget modifications.

Oral Presentations and Site Visits

DHS may create a short-list of Proposers who will be invited to give an oral presentation and demonstration of their tool(s). In that case, selected Proposers will be notified of the time and location, and will be provided with an agenda or topics for discussion. Questions asked during oral presentations or site visits will be for the purpose of clarifying the scope and content of the written Proposal.

Final Award Process

Following the evaluation process, which may include oral presentations and/or negotiations, the evaluation team will tabulate and submit an award recommendation to the DHS Director (the County reserves the right to recommend that none of the Proposals be selected). The DHS Director will then issue a recommendation to the County Manager who will make the final determination concerning award of an Agreement.

NOTHING HEREIN SHALL BE CONSTRUED OR INTERPRETED IN ANY WAY AS OBLIGATING THE COUNTY TO ENTER INTO AN AGREEMENT WITH ANY PROPOSER. THE COUNTY RESERVES THE RIGHT AT ALL TIMES NOT TO AWARD OR ENTER INTO AN AGREEMENT FOR THE SCOPE OF SERVICES FOR ANY REASON WHATSOEVER.
