2. For leverage and match letters, what dates should we use? We typically use our contract dates but cannot in this instance.

Specific dates are not necessary – you may state “for fiscal year 2016-17.”

1. The RFP states capable of leveraging 200% and letters to be provided. In two day notice, getting all letters from outside sources may not be possible. With the tight turnaround, do all of them need to be in tomorrow?

For the purpose of responding the RFP, you may submit the amounts that you anticipate for leveraging and match without letters. We will need to have the letters by November 5; we will work with the Successful Proposer to obtain the letters by that date.
