The RFP at a Glance

Purpose

The Department of Human Services (DHS), on behalf of Allegheny County, is seeking Proposals from qualified Proposers to do one or more of the following strategies on a countywide basis:

- Countywide Violence Prevention Convener (Convener): The Successful Proposer will convene and coordinate information-sharing and problem-solving across a number of communities working to implement plans for preventing and stopping gun violence.
- Homicide and Data Reviews: The Successful Proposer will form a review panel and coordinate homicide reviews and other data reviews.
- Hospital-Based Violence Intervention Programs (HVIP): One or more Successful Proposers will implement an HVIP of their choice with a partner trauma hospital.
- Parent and Survivor Support: The Successful Proposer will coordinate parent, youth, survivor and/or victim supports for anyone in the County.

Award Details

The County, through DHS, intends to enter into one Agreement with Successful Proposers for a term of one year. Depending on the availability of funds, the County at its sole discretion may extend the term of the Agreement. The compensation to be paid under Agreement to the Successful Proposer likely will not exceed $200,000 per year per strategy listed above.

Who can apply

Any entity (business or non-profit organization, including a community-based organization, university, health care entity, or local/state/national organization) with expertise in community organizing and violence reduction is eligible to submit a Proposal in response to this RFP. Proposers do not need to have an existing contract with Allegheny County to apply, but they must meet all of Allegheny County’s contractual requirements (see Section 6: Contract Requirements for Successful Proposers) and have the programmatic, financial and staffing capabilities to provide the Contracted Services.

Collaborative Proposals are permitted (e.g., where two or more entities partner to submit one comprehensive Proposal in which they collaborate in performing the Contract Services). However, only one of the partnering entities will enter into the Agreement. Entities may participate in more than one collaborative Proposal.

Related RFP

During the same time that DHS is issuing this RFP, it is releasing a second solicitation entitled “RFP for Community Violence Reduction Plans from High-Priority Areas.” This related RFP asks stakeholders serving Eligible Communities that are highly impacted by violence to develop a Community Violence Reduction Plan (CVRP) and to choose one organization to be the
“Community Quarterback” that ensures the plans move ahead. Learn more about County efforts to reduce Community Violence [here](#).

DHS encourages Proposers to review both RFPs to understand their connection and to consider applying for both if Proposers have strong interest and capacity. All information regarding both RFPs is available on our solicitations website at [www.alleghenycounty.us/dhs/solicitations](http://www.alleghenycounty.us/dhs/solicitations).

**What’s important to us:**

It is important to us that Proposers:

- Are knowledgeable about violence experts at national, state and local levels, and maintain a current understanding of violence prevention and intervention
- Have a history of being a collaborative, communicative partner to communities, law enforcement, outreach workers and model developers
- Have capacity to publish results and findings
- Can work effectively with Evidence-Based Programs (EBP) and their respective model developers

**What we don’t want**

In their work for DHS, Proposers must not be:

- Evaluators for the RFP for “Community Violence Reduction Plans from High-Priority Areas”
- Community Quarterbacks
- Agencies that implement any of the models that DHS funds in support of CVRP (the EBPs listed in the related RFP)

DHS neither wants to take the place of existing violence prevention efforts nor supplant existing funding nor discourage organizations or Eligible Communities from devoting resources to violence prevention or being active in advocating for additional resources.

**Who we are**

On behalf of Allegheny County, DHS is the issuing office for this RFP.

DHS is the largest department of Allegheny County government and provides publicly funded services to more than 200,000 people annually, in areas including child welfare, behavioral
health, aging, developmental supports, homelessness and community services. More information about DHS is available at http://www.alleghenycounty.us/humanservices/index.as

DHS has partnered with the City of Pittsburgh and the Allegheny County Health Department’s (ACHD) Office of Violence Prevention on this RFP and the related RFP. The Office of Violence Prevention oversees and implements Cure Violence in Allegheny County, provides a resource library for violence prevention and coordinates Violence Prevention Advisory Boards composed of community members.

Section 1: Why We Are Issuing this RFP

Communities across the county have worked hard to reduce violence despite the low degree of nationwide investment in violence prevention and intervention. Too often, county communities are on their own. They have made remarkable progress but not always able to continue their work because:

1. The implementation of an evidence-based approach has been limited, particularly outside the City of Pittsburgh.
2. Grants to pay for community-led programs are often short-term and not sustained.
3. There is a lack of coordination that brings partners together and shares information.
4. The county is missing some of the “backbone” violence prevention/reduction programs that operate centrally while providing structure and provide infrastructure that supports all communities.

The related RFP aims to help with the first challenges issues above by providing resources to support community plans for reducing violence in Eligible Communities. This countywide RFP aims to help with the last two challenges listed above by providing sustained support for the infrastructure that is critical to violence prevention in the county.

Our imperative for action is the high level of violence in communities in the county. (See the related RFP, which describes the high level of violence as well as the impact of Community Violence and possible strategies.) Community Violence is not randomly distributed and is heavily concentrated in just a small number of High-Priority Communities in the county. (Note that the related RFP has a slightly different list of communities, which does not include the City of Pittsburgh). The list of the county’s High-Priority Communities for this RFP is:

1. Braddock
2. City of Pittsburgh
3. Clairton
4. Duquesne
5. East Pittsburgh
6. Homestead
7. McKeesport
8. McKees Rocks/Stowe Township
9. Mount Oliver
10. North Braddock
11. Penn Hills (western-most census tracts)
12. Rankin
13. Wilkinsburg

Section 2: What We Are Looking For

DHS is seeking Successful Proposers to provide one or more of the following strategies to serve the High-Priority Communities impacted by Community Violence.

The types of strategies DHS will support

Proposers may apply to provide one or more of the following strategies:

1. Countywide Violence Prevention Convener (Convener)
2. Homicide and Data Reviews
3. Hospital-Based Violence Intervention Programs (HVIP)
4. Parent and Survivor Support

1. Countywide Violence Prevention Convener (Convener)

DHS is seeking one Successful Proposer with deep knowledge of violence prevention to be the Convener. The Convener shall be responsible for developing and managing a countywide approach to Community Violence. Responsibilities of the Convener include violence prevention and building productive partnerships that help county communities develop and implement their own violence prevention plans. This work includes:

- Reaching out to all stakeholders, including local governments; communities; law enforcement; health care; educational institutions; social services; Community Quarterbacks; and intervention, outreach and other direct-service staff.
- Coordinating information-sharing among the High-Priority Communities and with local government, law enforcement and other stakeholders.
- Building upon and sharing knowledge about what is effective in reducing violence by researching and working with national, state and local experts and EBP and other model developers.
- Maintaining a countywide, data-informed view of violence and raising alarms/calling attention to the need to act.
- Bringing a whole-county view on violence trends to neighborhoods and communities, with ACHD’s Office of Violence Prevention.
- Publishing results.
- Providing technical assistance to communities that wish to create a violence prevention plan.
- Providing relocation assistance to individuals at risk of Community Violence, as needed.
• Developing a comprehensive approach to Crime Prevention Through Environmental Design (CPTED) in the county and support finding resources to implement.
• Identifying need for policy changes and doing the community organizing needed to make progress toward those changes.
• Working with the Heartland Alliance, the model developer of READI Chicago. Heartland Alliance will provide technical assistance to the Convener to support them in overseeing the implementation of a READI-like program in up to three Eligible Communities in Allegheny County. These READI-like pilots will be implemented on a staggered basis and will be chosen based on Proposals submitted to the related RFP.

Stakeholders of the Convener’s work include, but are not limited to: Community Quarterbacks and other partners/stakeholders identified in a community’s CVRP; the City of Pittsburgh; law enforcement; local and state elected officials; community advocates; school districts and staff; and representatives from DHS, ACHD, the Allegheny County Department of Economic Development and the City of Pittsburgh.

2. Homicide and Data Reviews

DHS is seeking one Successful Proposer to coordinate regular Community Violence homicide reviews for any/all jurisdictions in the county using a defined protocol and to conduct regular data reviews. (See the Milwaukee Homicide Review Commission’s evaluation for the process used there and a summary of results.) The Successful Proposer must work closely with the Convener. Note:

• Organizations are welcome to apply to do both the Convener strategy and this Homicide and Data Reviews strategy (as well as any of the other strategies in this RFP)
• Any existing homicide review forums are welcome to apply

Homicide reviews bring together law enforcement, social services and health service agencies to examine how these partners handled a homicide case and how they could work better together. Homicide review panels use problem analysis to better understand homicide and develop effective responses. Responses can include changes in systems, communications and strategies. The data reviews examine aggregate data on shots fired and other indicators, social media dissemination and other information that can contribute to insights about Community Violence and point to the need to shift resources and develop solutions.

The Successful Proposer will work with the National Network for Safe Communities to establish and implement a multi-jurisdictional homicide and data review process/panel. This includes:

• Establishing a well-informed, collaborative, diverse and effective panel
• Establishing information feeds that include panel members and other information sources to ensure members have current, relevant information
• Reviewing information from social media and law enforcement

1 https://www.ojp.gov/pdffiles1/nij/grants/240814.pdf
• Identifying protocols for collecting, storing and using information directed at reducing violence
• Using this intelligence and analytical tools to identify issues and solutions
• Facilitating deliberations and decision-making among panel members
• Facilitating deliberations and problem-solving with community-based organizations for the High-Priority Communities
• Developing solutions, including policy and other changes
• Tracking improvements and results
• Providing public reports

3. Hospital-Based Violence Intervention Programs (HVIP)

DHS is seeking at least one Successful Proposer to implement a HVIP in partnership with a trauma center in the county. The proposed HVIP model can be implemented through an outreach model or another entity, such as a university. Models may include:

• Cure Violence3 hospital
• The Wraparound Project (San Francisco)4
• HVIP program in Baltimore5 and in Oakland, CA6

HVIPs provide a comprehensive response whenever a gunshot, stabbing or blunt trauma victim arrives at the hospital. Program staff intervene during the critical window after a violent incident to prevent retaliation and interrupt the cycle of violence. Studies show that participants are significantly less likely to have a subsequent injury or criminal recidivism and are more likely to see success with employment, school completion and social service access.

DHS will provide financial support for HVIPs that:

• Respond as soon as possible after an intentional injury has occurred (due to Community Violence) when this involves an emergency room visit or hospital stay
• Explicitly address retaliation in addition to the other risk factors faced by a victim of Community Violence
• Continue services post-discharge from the hospital and into the community
  o For communities with existing agencies working to interrupt violence, the Successful Proposer will coordinate with those community-based organizations to provide continuity of support for patients, including medical follow-up.
  o For those communities without existing violence interrupters, the Successful Proposer will provide care management that includes access to behavioral health treatment, training, and medical follow-up to ensure injuries are cared for.

• Employ frontline staff from the community who share/can relate to the experiences of violence-impacted patients
• Coordinate with other HVIPs in the county

Any existing HVIPs are welcome to apply.

4. Parent and Survivor Support

DHS is seeking one Successful Proposer to convene and provide resources to groups of parents and survivors of Community Violence. The Successful Proposer must:

• Help communities organize new support groups/chapters
• Provide direct support to individuals who live in communities without support
• Convene and coordinate groups so they can advocate for improvements and organize projects

The importance of collaboration

Because violence crosses borders, collaboration is essential to the success of all countywide Community Violence prevention strategies. Proposers must demonstrate collaborations, which may vary by strategy, and will include partners (i.e., those who will play a role in carrying out the Contracted Services) and other relevant stakeholders (e.g., local government, school districts, law enforcement, community-based organizations, neighborhood groups, individual residents). All proposed strategies must be designed, with expertise and compassion, to serve a diverse population. Everyone who interacts with a Successful Proposer must feel welcomed, well-served and supported regardless of their race, ethnicity, sexual orientation, gender identity and expression (SOGIE), intellectual or physical ability, English language proficiency or life experiences.
Data Collection & Reporting

DHS, ACHD and the Convener will develop a data collection and reporting system. Data and reporting will assist with building an understanding of:

- How violence prevention work is affecting communities
- Need for program adjustments
- Cost-benefit analysis

Section 3: Proposal Requirements and Evaluation Criteria

4.5 Pennsylvania’s Right-to-Know Law

Proposers should be aware that all documents and materials submitted in response to this RFP may be subject to requests for access to public records made pursuant to Pennsylvania’s Right-To-Know Law (RTKL). Under the RTKL, records in the possession of a public agency like the County are presumed to be public records and the County may have to make documents and materials submitted by the Proposer available to a requestor after an award of an Agreement is made.

If the Proposer includes any information within its Proposal that the Proposer asserts is either a “trade secret” or “confidential proprietary information,” as those terms are defined under the RTKL, the Proposer must include with its Proposal a written statement signed by an authorized representative of the Proposer identifying those portions or parts of its Proposal that the Proposer believes constitute a “trade secret” or “confidential proprietary information” and provide contact

The County will notify the Proposer of its decision whether to grant or deny the request either in whole or in part.

Section 5: How We Will Evaluate Your Proposal

DHS will convene an Evaluation Committee to evaluate Proposals. The Evaluation Committee will assign scores to each Proposal by awarding points based on the evaluation criteria in Section 3: Proposal Requirements and Evaluation Criteria, by using the point scale listed in Section 5.1.

5.1 Evaluation of Proposals

The evaluation process will consist of the following steps:

a. DHS will form an Evaluation Committee. The Evaluation Committee will be comprised of evaluators with expertise in the subject matter of this RFP and may include: community members with lived experience, external subject matter experts or provider representative(s), representative(s) from key partners or funders and DHS internal staff.

b. All Evaluation Committee members will individually review and score each Proposal. Each Evaluation Committee member will award points for each response on a Proposer’s Response Form utilizing their personal expertise and best judgment of how the Proposal submitted by that Proposer meets the evaluation criteria in Section 3 using the following scale:

<table>
<thead>
<tr>
<th>Score</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>0</td>
<td>Not addressed in Proposal</td>
</tr>
<tr>
<td>1</td>
<td>Poor</td>
</tr>
<tr>
<td>2</td>
<td>Below expectations</td>
</tr>
<tr>
<td>3</td>
<td>Meets expectations</td>
</tr>
<tr>
<td>4</td>
<td>Exceeds expectations</td>
</tr>
<tr>
<td>5</td>
<td>Outstanding</td>
</tr>
</tbody>
</table>

c. Each 0-5 score will be multiplied by the appropriate weight for the number of possible points noted after each evaluation criterion in Section 3. For example, for a criterion worth 15 points, the 0-5 score would be multiplied by three. An “Outstanding” response would receive 15 points, while one that “Meets Expectations” would receive nine points.

d. DHS will tally the average scores of the members of the Evaluation Committee and report a list of average scores to the entire Committee. The Committee will meet, consider the average scores, and arrive at a consensus on which Proposer(s) can best provide the Contract Services in response to the RFP. The Committee will have the discretion to proceed as follows: (i) to recommend to the Director of DHS that a reduced number of Proposals be shortlisted for more extensive review through a formal oral
presentation to the Committee; or (ii) to recommend to the Director of DHS that DHS request authorization for the County to enter into an Agreement(s) with the Successful Proposer(s).

e. As described in c above, DHS, on behalf of the County, shall have the exclusive discretion to shortlist a reduced number of Proposals for more extensive review. In this case, DHS may request that shortlisted Proposers make a formal oral presentation to the Evaluation Committee. Each Committee member will individually score the oral presentation of the shortlisted Proposers using the following criteria and the scale outlined in 5.1b. The maximum score that a shortlisted Proposer’s oral presentation can receive is 15 points:

- Presentation demonstrates Proposer’s ability to implement the Contract Services effectively (5 points)
- Proposer’s answers to Evaluation Committee’s questions demonstrate Proposer’s ability to implement the Contract Services (5 points)
- Proposer’s presentation is thoughtful and professional (5 points)

f. DHS will tally the average scores of the members of the Evaluation Committee to the shortlisted Proposer formal oral presentations and report a list of average scores to the entire Committee. The Committee will meet, consider the scores, and arrive at a consensus on which Proposer(s) can best provide the Contract Services in response to the RFP.

g. The Committee will submit its recommendation for award of an Agreement or Agreements to the Director of DHS for approval. The Director will, in turn, submit a request to the County Manager for approval for the County to enter into an Agreement or Agreement with the Successful Proposer(s).

h. At any time during the evaluation process, DHS may contact a Proposer to discuss any areas of the Proposal needing clarification or further explanation.

i. As part of determining a Proposer’s eligibility to enter into a contract with Allegheny County, all Proposers’ financial audits or other documentation will be reviewed by DHS fiscal analysts to ensure a Proposer’s financial stability.

j. **The County is under no obligation to award or enter into an Agreement with a Proposer as a result of this RFP. The County reserves the right to reject any and all Proposals.**

k. All Proposers will be notified of the County’s final decision of which Proposer(s) will be awarded an Agreement.

l. Proposers who are not awarded an Agreement but who are interested in receiving feedback regarding their submission may request a phone call at DHSProposals@alleghenycounty.us.
