## Consolidated Polling Place Locations Announced for June 2 Election

**PITTSBURGH** – The Elections Division today issued the full list of consolidated polling place locations for the Tuesday, June 2 primary election. The division had submitted a resolution passed by the Board of Elections to the Department of State with its outline of a consolidation plan on April 28.

Please note that updates to the Elections website will be made by Monday, but we cannot give you a time frame on when the state's polling place locator information will be updated. Additionally, households with eligible voters will receive a postcard prior to Election Day advising of their specific polling place location. There will also be additional outreach and information to the public and voters between now and Election Day, including on social media.

As determined by the Board of Elections, while there is one location listed, sites may include multiple polling places within that location so that physical distancing and other mitigation measures may be followed on Election Day.

For additional information and detail as it becomes available, visit [www.alleghenycounty.us/elections](http://www.alleghenycounty.us/elections) and select the June 2 Primary Election Information tile. Election updates are also provided through Allegheny Alerts. Create a free subscription at <https://alleghenycounty.us/alerts> and select the "Elections" subscription.
