UPCOMING REGULAR

MEETINGS:

Tuesday, August 24

Tuesday, August 31

*Note that ALL Regular Council Meetings are held in the Gold Room of the Allegheny County Courthouse.

**The Committee on
Sustainability and Green Initiatives**

On March 11, 2021 Allegheny County Council President, Pat Catena, established a new standing committee on Council, the Committee on Sustainability and Green Initiatives .

The committee is established to collaborate with the county’s sustainability manager and municipalities to investigate the feasibility of a regional climate action plan. It also will work to provide an updated greenhouse gas assessment to move the county in the direction of the long-term goal of carbon neutrality; offer recommendations to incorporate sustainable practices in all county departments; and offer recommendations on ways to promote and educate the public about the county’s environmental and energy initiatives.

President Catena named District 3 Councilwoman Anita Prizio chairperson and appointed others to complete the makeup of this committee. The committee members are listed below.

- Anita Prizio, District 3, Chairperson
- Tom Baker, District 1
- Olivia “Liv” Bennett, District 13
- Tom Duerr, District 5
- Cindy Kirk, District 2
- Paul Klein, District 11

“I believe this group will bring diverse perspectives on an issue that is vitally important to our county and the region,” said Catena. Chair Prizio stated, “I am anxious to get started discussing sustainability and green issues with my colleagues. This issue has received much attention at the federal and state levels of government and I want to bring that type of awareness to the county through this committee,” she continued.

Friends of the Parks - Volunteer Today

Are you passionate about your local Allegheny County park? If you answered yes, consider volunteering as a Friend of the Park! County Council recently passed an ordinance reinventing the Friends of the Parks. To learn more about the Friends, you can view the legislation here: <https://alleghenycounty.legistar.com/LegislationDetail.aspx?ID=4975574&GUID=BB24829C-9288-443F-BB07-0918B98ECA9D&Options=ID|Text|&Search=Friends>

Preserve, Protect and Improve

The Friends of the Parks are groups of 12 volunteers who are nominated by a Council Member and approved by the full Council to serve three-year terms. They serve as the eyes and ears of County Council to address the general needs of the parks and work to preserve, protect and improve the natural environment. Chairs are elected by the 12 volunteers and official meetings are held and are open to the Public. So even if you are not appointed to a Friends of the Parks group, you can still participate.

Don't Let Severe Weather Take You by Surprise

Find out what you can do before severe weather strikes. Preparation is key to staying safe and minimizing impacts.

- **Be Weather-Ready:** Check the forecast regularly to see if you're at risk for severe weather. Listen to local news or a NOAA Weather Radio to stay informed about severe thunderstorm watches and warnings. Check the Weather-Ready Nation for tips.
- **Sign Up for Notifications:** Know how your community sends warning. Some communities have outdoor sirens. Others depend on media and smart phones to alert residents to severe storms.
- **Create a Communications Plan:** Have a family plan that includes an emergency meeting place and related information. Pick a safe room in your home such as a basement, storm cellar or an interior room on the lowest floor with no windows. Get more ideas for a plan at: <https://www.ready.gov/make-a-plan>
- **Practice Your Plan:** Conduct a family severe thunderstorm drill regularly so everyone knows what to do if a damaging wind or large hail is approaching. Make sure all members of your family know to go there when severe thunderstorm warnings are issued. Don't forget your pets.
- **Prepare Your Home:** Keep trees and branches trimmed near your house. If you have time before severe weather hits, secure loose objects, close windows and doors, and move any valuable objects inside or under a sturdy structure.
- **Help Your Neighbor:** Encourage your loved ones to prepare for severe thunderstorms. Take CPR training so you can help if someone is hurt during severe weather.
