ALLEGHENY COUNTY  
VACANT PROPERTY RECOVERY PROGRAM

PROGRAM GUIDELINES

*All applicants should carefully review the Program Guidelines outlined below.  
Please contact (412) 350-1090 or VPRP@AlleghenyCounty.us with questions about the Program or application.*

**APPLICANT ELIGIBILITY REQUIREMENTS**

To be eligible for the Program, applicants:

- Must be current on taxes, water, sewage, and refuse bills on all properties owned in Allegheny County.
- Must not have any outstanding code violations or municipal liens on properties owned in Allegheny County.

**PROPERTY ELIGIBILITY REQUIREMENTS**

Applications are subject to all requirements under the Program policies. Property eligibility will be determined on a case by case basis based upon consideration of a variety of factors related to blight. To be eligible for the Program, a property must at a minimum meet all preliminary eligibility requirements, including:

- Be a vacant lot or vacant structure.
- Have at least three years of tax delinquency.
- Be located in a participating municipality.

The following additional requirements generally apply:

- Properties must be less than one acre in size.
- Applicants may apply for no more than two vacant lots or vacant structures to be demolished in any three-year period.
- Applicants may apply for only one vacant structure to be rehabilitated at a time and must successfully complete the rehabilitation before applying for another vacant structure to be rehabilitated.
- Applicants must own a parcel that contains a principal structure, such as a residence, business, etc., and shares a common boundary with the property they are applying to acquire. Exceptions to this may include applications to rehabilitate a vacant structure, such as a residence or business, and applications from a non-profit, community-based, or government organization that will have a public or community benefit. Non-profit, community-based, or developer organizations should contact VPRP staff prior to applying if they wish to pursue an exception to any of the above.

## TIMELINE FOR PAYMENT AND ACQUISITION

Applications will be pre-screened for completeness and applicant and property eligibility. Failure to fill out all sections of the application or provide all requested documentation will delay this process. Substantially incomplete applications will be returned to the applicant and not considered for the Program. Applicants may be contacted if items are missing or additional information is required and given a deadline for submission of all materials, after which their application will be terminated.

Once an application is determined complete by the Redevelopment Authority of Allegheny County (RAAC), it will undergo a review process that typically takes a minimum of four months. Thereafter, the applicant will be sent a Conditional Agreement of Sale that outlines the terms and conditions of the sale of the property, including the associated costs. The applicant must return the signed Conditional Agreement of Sale and payment for the appraised value, good faith deposit, and parcel fee (as applicable) in order for the acquisition process to begin.

If RAAC receives another application for the same property at any point prior to the execution of the Conditional Agreement of Sale, RAAC will review the subsequent application in accordance with the Program's policies and determine whether RAAC will proceed with one of the applications or decline to proceed with any application. In the event RAAC receives two or more applications from abutting property owners proposing to use the property for a side yard, parking, or similar use and RAAC has not yet executed a Conditional Agreement of Sale with an applicant for the property, RAAC will close all applications for the property and provide the applicants the opportunity to prepare a mutually agreeable, feasible plan and submit a new application to RAAC. Once a Conditional Agreement of Sale has been executed for a property, RAAC will not consider other applications for the same property.

After the applicant returns the signed Conditional Agreement of Sale and payment for the appraised value, good faith deposit, and parcel fee (as applicable), it typically takes a minimum of five months until closing. This time may vary based upon a number of factors. Applicants are responsible for all closing costs, such as transfer taxes, real estate taxes for the current year, recording fees, and closing fees. These costs are due at the time of closing. Applicants may elect to purchase title insurance at an additional cost.

The program, from RAAC's receipt of a complete application to closing, takes a **minimum of 9-12 months**.

## COMPLETION OF PLANS

After RAAC conveys a property to an applicant, the applicant will have a pre-determined amount of time to complete the plans for the property that the applicant specified in Section III of the application and/or any other supplemental materials. Applicants are responsible for contacting RAAC upon completion of their plans. Thereafter, RAAC will inspect the property and if the plans were completed, RAAC will record a Certificate of Completion.

RAAC reserves the right to take back a property in the event that an applicant fails to complete the plans within the agreed upon period of time. RAAC would not reimburse the applicant for any costs incurred acquiring the property or making improvements to it.

## PRODUCTS AND PRICING STRUCTURE

<sup>3</sup> The good faith deposit is refundable less a recording fee if the applicant carries out their project plan within the timeframe outlined in their Conditional Agreement of Sale. The recording fee is \$181.75 as of the date of this application, but is subject to change.

<sup>4</sup> Pricing for a non-profit, community-based organization, or municipality will be determined on a case by case basis based upon the proposed re-use of the property.

## PARCELS WITH EXISTING/FUTURE STRUCTURES & PARKING POLICY

Applicants for a property that has or will have a structure on it will personally assume all responsibilities associated with the demolition, rehabilitation, or construction of the structure, including but not limited to all financial and legal responsibilities. Applicants will also assume all responsibilities associated with the creation of parking lots, pads, and garages. Applicants are responsible for ensuring that their plan adheres to all local zoning and building code requirements.

Applicants must demonstrate that they will be able to successfully implement their proposed plan for the structure or parking through the submission of a detailed scope of work, project budget, proof of financial capacity, and information regarding their relevant experience and/or capacity to manage the project.

The applicant’s plans for the property must address both the exterior and interior of the property. **RAAC is unable to authorize applicants to enter any property, and so the applicant would be purchasing the property as is and without seeing the interior. Interior rehabilitation plans should address all major building systems and the general categories of repair that a vacant structure would likely require.**

At a minimum, the following materials are required, depending upon the applicant’s plan:

PLAN	REQUIRED MATERIALS
