Re: RE: HCE-20211020-5576

I would like to appeal the judgement against me for not getting the work done at 1517 Celtic.

To whom it may concern:

Violetta Carter moved into the property at 1517 Celtic Street Pittsburgh Pennsylvania 15210. I inspected the house Dec 2019, Jan 2020, Feb 2020; I did not do a monthly inspection during Covid until I was fully vaccinated. I am in the healthcare industry; and I was eligible for the vaccine Dec 2020. At that time I was working out of state and not able to get vaccinated immediately. I was fully vaccinated by April 1st 2021. I started to do monthly inspections again in April 2021. I went to do an inspection of the property on April 24th, May 22nd, June 19th, July 24th, August 21st, September 17th, and October 25th all in the year of 2021. Every time I went to the property I was asked by the "babysitter" "man friend" or Ms Carter that they would prefer me not to come into the property because I am around too many people that have/had Covid on a regular basis and she didn't want me passing it to her children. During this time Ms Carter would not open the door - she would talk through the door. I was physically in the property February 2020 and the next time was December 12th 2021. I could hear everyone inside and she would not open the door - I had to call the police. Between March 2020 and October 2021 - Violetta called me one time with issues regarding the house. She called me December 31st 2020 to tell me that the shower handle fell off and the water was leaking from the bathroom. I contacted Tim who does maintenance work on my properties when needed; January 1st 2021, and he went to Celtic January 4th 2021 and fixed the problem. He also noticed that the bathroom sink was not draining properly - he brought that to my attention and I authorized him to fix that as well. This was the first time I had any contractors have interaction with Ms Carter, her children, or her "man friend" (Patrick LNU). The entire time Tim was there Ms Carter or Patrick would film everything he did. The bathroom is small and

they would not keep the children out of the bathroom while he was working; instead of watching the children - Ms Carter and Patrick would "spy" to see if Tim kept his mask on the entire time. Patrick told Tim that "he was taking too long and he needed to go." Patrick was getting very irritated, Ms Carter stepped in and told Tim to leave. I went over to Celtic and Ms Carter said she would patch up the wall herself. She would not allow me in the property - I was not vaccinated at this time. Ms Carter called me on 12-31-20 and the problem was fixed on 01-04-21. I was never notified by Ms Carter of any issues again.

Between September 6th and September 10th I received several calls and texts regarding disturbances at the property. I went to 1517 Celtic on 09-17-21 and I was met by an unknown man who stated Ms Carter was not home and that the street was racist, always in their business, and that "they" (not sure who they are) would start taking matters into their own hands. He pulled out a gun. He then stated that Ms Carter was moving. In October I received a certified letter stating that Ms Carter would like to move and was giving me 60 days notice. (12-26-21 / she would be out by that date) I agreed that would be for the best and I said I would be showing the property to perspective renters. I also received a letter from Allegheny County Department of Health stating there were several issues with the house and that they needed to be fixed. I was never notified by Ms Carter that there were any issues. I did know about the ceiling; but she told me that she wanted to fix it - she didn't want strangers near her children.

10-25-21

11:12am — starting getting texts from neighbors regarding Celtic

12:29pm - started getting calls from 412-488-8425 - Zone 3 police

1:00pm - went to Celtic (Patrick flipped out and threatened me)

1:52pm Violetta called

On October 25th 2021; I received several calls, and texts from the neighbors and I also received a call from the police regarding the number of calls they receive from the Celtic tenants. I immediately tried to call Violetta; but she changed her number again (third number since 11/19). I left work and went to Celtic; I knocked on the door and Patrick LNU answered I asked to speak to Violetta - she wasn't home. He proceeded to call me every name in the book; again I was told that the neighborhood was racist -

that's why they were moving. He called me a BIT** - CUN* - he said y'all hate (Ns) the N word and he started getting aggressive and I ran down the steps. He started screaming that I killed their baby and I'm trying to kill the second one. I told him he is not on the lease (at this point; I did not know his name) He said he didn't live there and he had his own home. Violetta called me and said he was just messing with me. I asked her what was wrong with the house because I received a letter and she acted like I was crazy and said she didn't know what I was talking about.

I called Angela to find out what was going on; she called me on 10-28-21. I explained that I knew nothing about anything being wrong with the house and that Violetta was moving. I was told that it was my responsibility to fix the items while she lived there. I said fine; she told me she would be going to the house in 30 days to do an inspection.

Violetta called me on October 25th to assure me that Patrick was "just messing with me," would not allow me in the house, told me she was moving by 12-26-21, never mentioned anything was wrong, and acted like she had no idea why I received a letter from the Health Department. I was standing on the sidewalk on top of the steps when this conversation took place. She never called or texted; I never heard anything about Celtic until Angela went there to do the inspection on 11-29-21.

Angela called me stating she did the inspection; I immediately contacted Tim and he went to Celtic on 11-30-21. This is when the nightmare began; Tim was working on some of the issues and she interrupted him and asked him if he would look at the ceiling and inspect it for her. She wanted to know if it was mold; he told her no problem and asked her to give him a bag - she flipped out and said he should have a bag and he had to provide his own materials. He said this isn't on the list I'm doing this for you and she told him to leave.

I received the official letter from the ACHD on December 6th; I called Tim again. Violetta wanted him to come after 2Pm on 12-9-21; he had no problem with that and went to the house. He started doing the work on the list and everything was still going as planned. She told him it was getting late and she wanted him to leave. It was 5:02pm; she didn't want him there until after 2pm and made him leave at 5pm. She told him that he could come back on Sunday, December 12, 2021 at 2pm.

On December 10th; I received a call from Violetta stating that Angela wanted to talk to me and Violetta gave the phone to Angela. I spoke with Angela for 9 minutes at 4:25pm. She explained that there were now more issues; especially with the furnace. I told Angela that I would have someone out there on December 11th in the morning;

Angela handed the phone back to Violetta and I told her someone would be there tomorrow morning 12-11-21.

On December 11th I called Violetta at: 8:21am, 8:22am, 8:22am, 8:28am, 8:30am, 8:30am, 8:36am, 8:37am - 8 times. I texted Violetta that a furnace company would be coming out by 11AM. The furnace company called Violetta as well and was able to get in touch with her. She then tells the furnace company that she will require "documents" before she allows him in the house. He asked what kind of documents - ID? She told him she wanted proof that he was a certified plumber and certified furnace guy. He told her, he has no such documents. She told him he can't come in the house without documentation. I told the furnace company that I will come and meet them at the house; but I had to get my granddaughter dressed (she was 13 1/2 months at the time) and I was coming from Butler County. He told me that would take too long; I set up a time to meet him on 12-12-21 at 5:00pm. I sent Violetta a text stating I was giving her 24 hours notice; I was coming to inspect the entire house with or without her being there.

December 12th.

Violetta had made arrangements with Tim to come back and finish up the list of items that needed to be done; she would be home at 2:00pm - she did not want him in the house when she was not there. I texted Tim at 2:08pm to make sure everything was on track. Tim knocked; didn't see her vehicle, and waited until 2:15pm. He texted me and said "I am going downtown Pittsburgh to fix a drip in a restaurant's boys bathroom. Then I am going to call her and see what's up. Otherwise it will be Tuesday morning." I texted back that I was going over at 5:00pm to do an inspection of the house.

I sent Violetta a text at 3:02pm to let her know that I was on my way and I was making sure she would be there. NO RESPONSE. I got there at 4:36pm and knocked on the door - the baby was crying; I knew someone was home. I continued to knock and at 4:47pm I texted Violetta that I was outside waiting - I gave her a 24 hour notice and if she didn't open up the door I would call the police. She wouldn't open up the door and I called the police; they came and I told them she had no heat with six kids in the house. I told them I needed to get in there with the furnace company to get the heat on. Finally the police talked her into letting us in.

The furnace was fixed and it was determined that there was an issue with the pipe from that goes to the hot water tank and the chimney. I decided that I would just replace the hot water tank because it would only take one day. During this time

Patrick would not stay away from the workers, he kept yelling at me that I killed his baby, and he again threatened me - "I will take you out." I just ignored him. The furnace workers wanted to leave - they said they didn't sign up for this. Violetta called Columbia gas and had a Columbia Gas representative come to Celtic. This made the workers feel more relaxed; Patrick listened to the Columbia Gas representative and moved away from the furnace and hot water tank when he got there. Violetta was instructed to clean everything off the basement floor and move everything that was blocking the way - steps to hot water tank. She agreed that she would have this done.

Patrick and Violetta used their phone cameras to record the whole interaction.

December 13th

The hot water was ordered. Violetta called at 11:23am and said she would have the basement clean and the path to the basement door clear. I told her I did not want Patrick at the house when the plumber was there to inspect the sewage issue.

December 15th

The plumber met me at Celtic to look at the sewage issue. I paid the plumber \$2000.00 down payment on the work. Violetta wanted the plumber to come at 8:am on 12-18-21 to put in the new hot water tank. Everything was still on track at this point.

December 17th

I texted Violetta at 12:50pm to reconfirm that she will be there at 8:am. She said she would be there. I texted "Jerry will set up a time with you to start on the sewer". "He wanted to start Sunday; I know you go to church."

Violetta texted back "I will discuss that with him when he comes on Saturday like you said." "Miss Lori can you let Jerry know that if he wants to come on Sunday he is more than welcome too come since you cannot seem to give me his number so that I can discuss that with him but please let him know he is more than welcome to come on Sunday what time is good for him". And just so we're clear if he is able to work on the pipe Saturday after he replaces the hot water tank he is more than welcome to do it then as well"

I texted "you can tell him tomorrow. He will be there at 8AM"

Violetta texted "so you can't give me his number Right it's okay you don't want to give it to me and that's fine so I'm just making sure you know that he is more than welcome to come at any time and you guys don't have a time set so I'm just making sure that you know that have a blessed rest of your day"

December 18th

Jerry went to Celtic - Violetta let him in - he told her to figure out a time for him to come back on Sunday to start the pipe; as soon as she figured it out - she would go tell him. Jerry texted me at 9:37am - said everything was moving along good - no issues so far. He finished up - started calling out to Violetta - I informed and still do inform all workers that she has a gun in the house. He took the tools out to his truck - called out again - no answer. He left. On December 15th - we agreed to which door and path Jerry would take to come in and out of the house. When she didn't answer he didn't feel comfortable going further into the house. Violetta was very adamant about coming through the house. I told him to do not do anything to set her off.

2:53pm

Violetta texts "Miss Lori I had to run out to get some Christmas gifts for my kid somebody was there but I guess they did not haul her up and we did not get a chance to schedule anything for the sewage pipe can you please find out what day and time is good for them to come out for this sewage pipe I am open for tomorrow if possible please let me know thank you and have blessed rest of your"

December 20th

I called Angela and told her what transpired on Saturday. We discussed that this would be more than one day. The plumber could come back on Wednesday and Friday to finish up or he could come on Monday December 27th. The following weekend was Christmas; Angela OK'd that the plumber could start on December 27th 2021 at 8:00am. Angela told me to go to Celtic on Wednesday 22nd to make sure there wasn't any sewage in the basement. I asked Angela to call Violetta because I didn't want her to flip out. I sent Violetta a text regarding the details at 12:19pm. I received a call from Angela at 8:53am on 12-23-21 stating she spoke with Ms Carter regarding the plumber being there at 8:00am on 12-27-21. Violetta called Section 8 and had an inspector come out because "there was sewage everywhere" - I received a

call from Section 8 at 2:09pm. They wanted to know when the stack was being fixed. I told them it was supposed to be fixed yesterday - but Violetta left on Saturday and didn't make plans with the plumber. I told him that I had a conversation with Angela and instead of starting this week; we should wait until after Christmas. I also informed Section 8 that Violetta sent a 60 day notice that she was moving by December 26th. I was told she never got moving papers. I told him I don't want paid; I want her out of the house. Section 8 was also aware that the work would be started on Monday December 27th. I told him that Violetta keeps saying there is sewage everywhere; I was told there was no sewage. I called Angela and I told her that Section 8 said there was no sewage in the basement. I was told I didn't have to go inspect the property on Wednesday December 22nd.

December 27th.

I received a call from Jerry (plumber) that his mom had a stroke and he would be there tomorrow. Jerry owns the company and Jerry is aware of the what happens when Patrick (LNU) is in the house with Violetta. He did not want his workers in that house without him. I called Angela and I called Violetta. Jerry would be there 8:00am on the 28th.

December 28th

Jerry got to the house at 7:45am - Knocked on the door - no answer. He called me at 8:07am and I told him I would be there in 20 minutes. He called back and said she answered the door. Patrick was there; Patrick and Violetta followed Jerry around with their phones asking if there is mold in the walls. Patrick said he needed to know because they were suing. Again he started that his baby died because of my house; and he needed to take pictures and videos for proof. At 9:50am Jerry texted me; he pulled the wall out to look at the condition of the pipe. We already knew it was being replaced; but now he had to take it out. He asked Violetta to have the children move away from the area because he had to shut off the water and pull all the pipes out. This set Violetta off - she started screaming at everyone saying she had no idea that the water was going to be turned off. She told Jerry he could not "just turn off the water - she has six kids." Jerry called me and told me that he could not work with five kids running up and down the steps and Violetta didn't want him to turn off the water. She said she didn't have time to get "organizations set up." Jerry called me and said he was leaving - Patrick and Violetta started saying they were going to sue Jerry as well as me. He calmed Violetta down and they agreed he would come back on January 1st

2022 - He could work all day Saturday and Sunday as many hours as he needed because Violetta and the kids would not be there. I agreed to meet Jerry at 8:00am on 01/01/22 and give him the key to come and go as he needed. Jerry gave Violetta instructions on what the children could do in the bathroom and what they couldn't do. She said she understood.

Jerry charged me \$250.00 for coming to a job site and no being able to work.

LATER ON THAT DAY

Violetta - 2:49pm - "Hello the plastic. The plumber wrapped around the pipe is now collecting water and is about to bust.

I text "OK - can you take a picture?"

I send the pictures to Jerry.

December 29th

Jerry goes to Celtic tuns off water

I receive numerous calls from different people regarding Violetta - I then text her the following:

I text Violetta 12:37

On December 20th - the Department of Health (Angela) spoke to you. You were aware that the plumber was coming on 12-27-21 to replace the sewer line. Angela, myself, and you know that Jerry's mom had a stroke and couldn't come until 12-28-21. On 12-28-21 - Jerry called me from Celtic and told me that you were not prepared for him to replace the sewer line. He stated he would be back on 1-1-22 to start. The complete sewer line is coming out of the house and a new one is being put in. I'm not sure what you thought was going to happen. That is the line that carries all water to the sewer. The water cannot be on. That is why it was planned in advance-so you could make arrangements. Apparently-you still did not make arrangements.

More phone calls about Violetta

I text Violetta 3:46pm

Violetta

The water has to be shut off while they are taking out the pipes.

Violetta texted — I knew the water would have to be shut off at some point but I just needed to have a heads up so the organizations that I'm working with would know why situation and would take it seriously enough to put me in a hotel if you could not put me in a hotel for you to just shut off the water without notifying me I think is very rude and thoughtful because I have children.

I texted - Angela left me a message telling me she spoke to you, I emailed you. (Should have said texted) Once the plumber gets there - the water goes off.

You're always playing games it's a shame really you don't even have an email for me first of all second of all you spoke to Angela and you never told her that you were shutting off water off or when she got there today she would have scheduled that inspection for another time please stop playing games with me I'm not a child okay if you're going to text me text me with some help where's the numbers you said you were going to send me

I have no idea what she is talking about - first of all I did not shut off the water on the 29th. Violetta could not keep her children under control and they did something in the bathroom that they were not supposed to do. She sent me pictures on the 28th and I sent them to the plumber - he went out on the 29th and accessed the situation. The plumber told her she had to keep her children away from the work area. She stated she could not watch all six children every minute of the day. He told her there was only one solution. (I am 100% sure that she did not realize that the only solution was to immediately shut off the water. She had a week to prepare for this; why didn't this Patrick (LNU) take her and the kids to his house?

January 1, 2022

I went and met the plumber and gave him a key. I received a call from Violetta at 10:35am and she stated she was never informed about the plumber yet. I told her the plumber is at the house working since 7:45am. She hung up on me.

I texted Violetta 10:37am - I'll call you when it's completed and the water is on.

Violetta went to Celtic at 11:50am 1-1-22 - she told the plumber the police told her she had a right to be in the house when he was working. Her children started to run up and down the steps while he was removing the cast iron pipe from the wall. He asked her several times to keep the children away from the work area and she refused.

Patrick started threatening the plumber as well. Patrick said he shouldn't be in his daughter's house when her mother is not in it.

Jerry called me at 11:55am - I called the police. I texted both 12:02pm that the police was coming. The police came - Patrick and Violetta went to talk to the police; the police went up to Jerry and told him to leave.

Jerry charged me \$250 for coming to the job site and not being able to work.

After this incident I called the Department of Health and Section 8 and told them that this is the second time in one week that Violetta would not allow the plumber to work and most importantly to work in peace. She won't control her children

I texted Violetta

I called the department of health - I called section 8 - if you do not leave and let him work the house will be condemned and non-livable. Your belongings will be put outside on the curb.

AT THIS POINT VIOLETTA WAS ALREADY VIOLATING 9D OF HER LEASE - TENANT MUST GIVE OWNER 30 DAYS TO A MAXIMUM 60 DAYS NOTICE TO VACATE THE UNIT. SHE GAVE 60 DAYS - TENANT AGREES TO MOVE OUT PEACEFULLY WHEN LEASE OR NOTICE ENDS-----SHE WAS SUPPOSED TO BE VACATED BY 12-26-21. (THERE ARE MANY OTHER PARTS OF THE LEASE THAT SHE BROKE.

January 3, 2022

At this point I have had it - I called Section 8 and ACDH - I have had the plumber at the house numerous times and Violetta has caused nothing by havoc and chaos. The plumber didn't want to come back - I already gave him \$2000.00 on the 15th. All of the pipes were out of the house and I just needed the pipes put in. He agreed to work in the evening because he didn't want to come and not be able to work and not have other work lined up. At this point I was now dealing with Jeff O'Brien. He told me that Violetta was in a hotel and to get the plumber there as early as possible before she gets there. That didn't really help because I had the plumber there at 7:45am and she still came and caused problems.

January 4, 2022

I convinced the plumber to go back to Celtic and put in the pipe. He gets there and starts working - Patrick and Violetta get there

4:37pm Jerry's text -They are trying to intimidate me and record me for no reason. I'm leaving.

Jerry charges me another \$250

Jerry tells me he will only go back if I am there the whole time he works on the house. I agree to meet him on January 5th at 4:15-4:30pm

January 5, 2022

4:08pm - Jerry texts me - it was a video - I was driving - I obviously couldn't look.

I tell Siri to reply - I'm by Brashear High School

Jerry text - words - She is in her car while the kids are running in and out of the house.

I tell Siri to reply - I'm 1/2 mile - two lights

I get to Celtic and there are two police cars - get out of the car and go over to the police and they tell me to get back into the car. I go back into the car. I call ACDH - closed. I call Section 8 - I tell them what is going on and they can't believe it. They asked me what was her response to the text I sent on 1-1-22; I said she didn't respond. He asked if she understood what I wrote - I said I will ask her at some point today. I reiterated that I just want her out; but the ACHD said I have to get this work done even if she doesn't leave. He said keep me updated.

I get back out of the car and the police officer lets me talk; I tell him that. I am here because the plumber doesn't feel comfortable being here by himself and won't come unless I am here the entire time that he is working. He told me to stay in my car. The police told us that the kids have a right to be in the house when the plumbers are working and he told me the plumber is a professional and he knows how to do his job without my help. I told Jerry I would stay in my car and watch his truck. This was one of Jerry's issues - the kids kept running around his truck; dropping their bicycles in between the truck and the wall, fighting next to the truck, and throwing things at each other in the middle of the street where his truck was parked. Plus they kept touching his equipment. Jerry sent me a video of this happening. At some point - Jerry was ready to install the pipe from the bathroom to the basement; the pipe is directly behind the front door. Jerry asked me to come up and stand between his worker and the door; this way when the kids rush in the house they don't knock the ladder down with the worker on it. Once the police left; Violetta went and sat in her vehicle while

the children ran around the neighborhood. At this point; there is no water in the house - no bathroom - no kitchen - nothing, but Violetta sat in the car while her children went door to door asking if they can use the bathroom - no one let them. Still Violetta sat in her car. Eventually she got out of the car; I was on the porch. I went down to the sidewalk by the steps and I asked her if she understood the text I sent her on January? I read the text to tell and she started yelling at me to not tell her business to the whole street. I said "I don't give a shit. I don't give a FU**". I don't care. I want this work done and I don't understand why she is doing this after I went to the homeless shelter and let her and her children live in my personal home. Yes, I lived in this house prior to Violetta living there. When she moved in her kids said it looked like a palace because I had gold trim on everything. Now every thing is broke or missing. Well she called the police and the police came and gave me a citation. Eventually the pipes were all installed. The plumber called me upstairs and showed me the bathroom; every floor tile was broke. I wanted to cry. He suggested that I put in a new floor before the toilet is installed. I went down and told Violetta that the pipe was installed but I had to put in a new bathroom floor. She called her children; they all got in the car and they left. She brought her kids to the house to harass the plumber. The plumber told me he refused to put the wall back up but he would put in the toilet once the floor is in. He said he has never been on any kind of job like this in his life. I really had no choice but to agree.

January 6th

I contact Tim to see how soon he can put in the floor. Tim tells me he can put the floor in on January 9th, 2022.

January 7th, 2022

I go to Lowe's and pick up the tile.

January 8th, 2022

I go and put the tile into Celtic for Tim to install

3:41pm - I text Violetta

The new floor in the bathroom is going in. I'm putting in a softer tile. I ordered it Thursday and it is here today. I also plan on changing the hall and stairs. Do the kids go to school or are they remote? I don't want to disturb their learning. My husband is a teacher and he would be mad if I disrupted their learning. Let me know if you need anything else.

Laurie

7:57pm Violetta texted

Laurie I seen the towel you guys put in my house I guess yesterday night or early this morning whenever you guys need to get in there to do whatever you need to do you can go ahead and do that we will work around you guys thank you and have a blessed weekend.

January 9th

I had a Steelers Party to attend and I never checked in with Tim

January 10th

8:51am I text Tim

How did everything work out yesterday at Celtic?

Tim texted

I thought I would enter an empty house. I did not! Three people started yelling at me... call the cops Joey(3 different adults) and none of them were Violetta. I didn't want to mess up your Steeler Sunday extravaganza just for that.

I texted Tim

I really thought this was going to be easy after this text from her Saturday. (I sent the above text I received from Violetta at 7:57pm on January 8th)

Tim text

Most things I can deal with... I mean customer service all day everyday... But I don't play the cops thing

I then called Jeff O'Brien and told him this story. He had me send him a summary of the events.

January 11th

Jeff wanted the names and numbers of the contractors.

January 12th

Jeff wanted to be at Celtic when Tim went back.

Jeff and Tim set up a time to go to Celtic.

January 19th

Tim told me that he and Jeff spoke; Jeff told Tim exactly what he wanted done and that they would meet on Tuesday January 25rd. Tim also told me he was very sick.

January 25th

I texted Tim 7:34am

Let me know how it goes today.

Tim Can you send me pictures of the floor before you rip it up? Laurie

Tim text - Oh God. I am deathly sick. I cannot hold my head up. I left Jeff a message. I just can't do any work.

I text - I'm sorry - hope you feel better! Sending hugs (prayer hands)

I texted Tim throughout the next couple of days to see how he was doing. I still had to get the work done. By this time Violetta was in the house one month more than we agreed. I knew I had to go to the magistrate; but I had planned a vacation in 2019 and it was rescheduled many times - I was supposed to leave PIT to MIA on 01/21/22 and return 01/30/22. My trip was cancelled again and I went to the magistrate on January 24th 2022 to file for possession . On 2-2-22 I was granted possession. I did send the documents to Jeff O'Brien. I am asking that the judgement against me be dismissed.

Reasons:

- 1) Violetta told me there was no problem; she said she didn't know what I was talking about.
- 2) Violetta didn't allow me into the property until after Angela came to inspect the property.
- 3) Violetta would not keep her children away from the workers; if these children were not in the work areas - the work could have gotten done.
- 4) I was threatened by Patrick (LNU) and Violetta would push her coat to the side so I could see her gun.

- 5) I paid double to get the repairs done; plus emergency house call charges.
- 6) January 10th 2022; Violetta changed the locks to the house. I had no way to get into the house; I had to pay to get the locks changed.

The reason the stack is cracked is because Violetta's children threw toys down the toilet. They jammed the stack and it cracked; which caused the sewage to leak. I did not take Violetta to the magistrate for damages yet; I am waiting until I can get all of her debris out of the house and access all of the damages. Again she only called me one time during the two years she lived there with any issues and it was taken care of immediately. I am not the reason the work was not finished in a timely manner. I can pull the phone records as proof. I have a list of every number she gave me over the last two years. Violetta and Patrick threatened every contractor that came to the house. They also threatened the Section 8 inspector and called Section 8 on him. She has called Channel 4, the mayor's office, Section 8, the DA's office. She has filed criminal complaints and is in the process of suing me for the death of their child. Channel 4 told me that.

Jeff O'Brien told me that I was not to have anyone occupy the property until the work was done; at that time I was to call him and he would come back out to inspect the property. I completely understand this and will absolutely abide.

Mr. O'Brien,

I have attached the bills and cancelled checks from the plumber and cancelled checks from the contractor that hasn't been able to do any work since December 9th 2021.

timeline of issues

Tim Palo - contractor - works on several of my properties

December 9th - able to get new handrail on, electrical outlet fixed, and pulled toys out of the trap in the stack.

December 12th - Violetta didn't want the contractor working there while she was at church. He went over as agreed at 2:00pm - she wasn't there, and he couldn't get in.

HVAC-

Called him on December 11 to make an emergency visit to find out what was wrong with furnace. He called Violetta to set up a time. She told him he couldn't come in without showing her "credentials." He refused to go over without me being there.

December 12th - I met the HVAC - when Violetta's boyfriend lit the furnace he broke off the switch and then they glued the door. I paid \$325 for an emergency call - for something that Violetta's boyfriend broke.

Plumber

December 15th met with plumber to see about the hot water tank. Hot water tank installed on 12/18/21. Violetta left without making arrangements for the sewer pipe. I called Angela on 12/20/21 and we agreed to have the plumber come on 12/27/2021 due to the first available date of 12/23/2021 and not having water during Christmas. Plumber's mom had stroke on 12/26/21 - called Angela and told her he would be there 12/28/2021. Angela called Violetta. 12/28/2021 - Plumber came and started ripping out the pipes; Violetta told him she was not aware that the water was going to be turned off

12/19/21

(Angela didn't tell her) - she told the plumber she needed time to get "agencies" to help her with a hotel room. He left; (charged me \$250.00 service call) and told her not to use the bath/shower - she did and the water went through the house. She sent me pictures. She wanted him to come back over and take care of the water. He came over on 12/29/21 at her request; he did not charge me.

01/01/2022 - I met the plumber at 7:30am and gave him the key to remove and replace the stack (01/01/2022 and 01/02/2022) - Violetta called me at 10:35am on 01/01/2022; I told her he was already working and she hung up on me. I texted her and told her I would text her when everything was done and the water is on. She ended up going over to the and the police came and told the plumber to leave; it's a holiday and she has rights as to when the work could be done. At this point the stack is completely removed. (\$250.00 charge)

I called Allegheny County DOH on 01/03/2022 - I'm guessing someone called her. At this point the plumber refused to go there in the day - he would rather go to a job that he knew he could do and finish without all the hassle. He went on 01/04/2022 and Violetta called the cops. The police told him to leave. (another \$250.00 charge). He said he would not go back over unless I was there. I met him on 01/05/2022 - when I pulled up the police was there. They told me that her children had a right to go in and out of the house as they pleased and I, nor the plumber could do anything about it. I called DOH - not in, I called Section 8 - they asked me what she had to say - I went up to her car - but she wouldn't come out or roll down the window. I stayed at the door entrance so that when the kids came in and out they wouldn't hit the plumber who was on a ladder behind the door. Eventually Violetta came out of the car and I called out to her and said "Do you understand the text I sent you? If you do not allow him to put in the pipes; the house will be unliveable and your things will be boxed up and put out on the street." She then started to complain about me talking to her from the top of the porch 'the whole neighborhood could hear.' She then called the police and they came and gave me a citation for disorderly conduct.

She finally left around 8:00pm. When the plumber was done; he advised that because the tile was broken in the bathroom - I should replace the floor before the toilet goes in.

I called the contractor 01/06/2022 - picked up the new tile on 01/07/2022 - dropped it off on 01/08/2022 and texted Violetta regarding the floor. On 01/08/2022 - Violetta texted me this at 7:57pm

Laurie I seen the towel you guys put in my house I guess yesterday or early this morning whenever you guys need to get in there to do

whatever you need to do you can go ahead and do that we will work around you guys thank you and have a blessed weekend

VERBATIM

Tim came on 01/09/2022 and she called the cops

I'm done - unless you make her let the contractor in - I can't do anything. Section 8 is fed up with her as well. They inspected the house on 12/20/2022. I have rented houses for over 30 years and this is the only time that I can't get into a house to get it fixed.

The plumber tested for Covid on Sunday 01/09/2022 and his test came back positive. Another reason why he didn't want the kids around while he was working - all of them aren't vaccinated. I had three patients test positive one week and six the next week - this week I had nine patients cancel due to Covid and it's only Monday. I am two inches from their mouths - I could be carrying Covid around and not even know it.

Let me know what the next steps are?

Phone and Text Records

February 13, 2022

I have attached my phone and text message records for time period of October 25th and November 29th 2021.

The only letter I received from Violetta in 2021 was the letter that stated she was moving. The first call I received from Violetta in 2021 was on October 25th. That is when I went to the house and Patrick (LNU) threatened me. She called me when I was at the house and told me "he was just messing with me" I asked her about the letter from the ACHD and she acted like she didn't know what I was talking about. I never spoke to Violetta again until I called her; after Angela called me on 11-29-21.

Violetta never texted me in 2021 until I texted her on 11/29/21 telling her that Tim would be over on 11/30/21.

I can send the complete year of 2021 if you want.

I can't fix something in the house if she doesn't notify me that there is a problem. When the ACHD notified me; she lied and told me nothing was wrong. I am not sure what type of game she is playing; but I'm sure that based on what she told the contractors - she is trying to sue me for the death of her baby. The DAs office contacted me stating she wanted them to file criminal charges against me.
