RFP for Training of Trainers about Commercial Sexual Exploitation of Children

May 17, 2016

4.) Are the expectations for the TOT: a.) the design of the TOT is traditional, in that we will create and share a curriculum/training plan, train up to 50 staff and stakeholders on how to train the curriculum, and then they will be trainers for other staff and stakeholders across the county, or b.) provision of training on the topics to the up to 50 staff and stakeholders, and then follow up consultation/support so that the knowledge can be developed into individual curriculum/training plans for their staff and stakeholders?

DHS expects the TOT to be aligned with the traditional design as described in letter a.

3.) Is the Successful Proposer responsible for recruiting and selecting the Participants for the TOT and determining the total number or is this the responsibility of CYF or DHS to determine?

DHS will be responsible for recruiting, selecting and determining the total number of Participants for the TOT.

2.) What is the expected start date if awarded the Agreement?

The start date will be approximately September 1, 2016.

1.) Is there a set length or duration for the funding period, such as 1 year?

The length or duration of funding depends on the design of the proposed training. However, DHS expects that it will probably be no longer than one year.
