Solicitations Q&A
RFI for a Racial Equity Training and Support Directory

October 20, 2020

- 1. For question 5. “What are your certifications or credentials related to racial equity?”, what documentation do we need to attach for any certifications or credentials we have?**

You don't need to attach any documentation to be considered for inclusion in the Directory. Once the Directory is published, an agency who is seeking an appropriate provider of racial equity training or support may request documentation of credentials or other information from providers listed in the Directory.
