DESCRIPTION:

In July 2021 Pennsylvania's Office of Child Development and Early Learning (OCDEL) received the Early Childhood Comprehensive Systems (ECCS) Health Integration Prenatal-to-Three Program from the Health Resources and Services Administration, an agency of the U.S. Department of Health and Human Services, which focuses on cross-sector collaboration and partnership, health system transformation, state-level policy and fiscal innovation, family leadership, and advancing equity.

In this presentation, the ECCS Leads will share updates on project activities that work towards promoting early developmental health and family well-being and increase family-centered access to care and engagement of the prenatal-to-3 (P-3) population. The ECCS Leads will also share how YOU are a valued partner, and become involved in ECCS project activities. Learn more about OCDEL's ECCS Project [HERE](#).
