Local Interagency Coordinating Council
(LICC)**

2023-2024

Welcome to the Pittsburgh/Allegheny County Local Interagency Coordinating Council (LICC)

It is the mission of the Pittsburgh/Allegheny County LICC to promote the importance of families and young children within the Early Intervention system. We celebrate the diversity of families in our county. We educate families and professionals alike about inclusive services, natural and least restrictive environments, developmentally appropriate practices and the entitlements afforded children through state and federal statutes. Through our efforts, the LICC is building alliances and networks among the organizations involved in early intervention and early childhood programs in Allegheny County, enabling us to better serve families. The Pittsburgh/Allegheny County LICC welcomes your interest, participation and dedication to our efforts.
