

Kudos: Deborah Moncrieff

A lawyer in the CYF Adoption Legal Unit sent an email to Natalie Jones, regional office director at Office of Children, Youth and Families (CYF) Central Regional Office, commending Deborah Moncrieff. The email stated that Deborah, who is a supervisor, “did a great job testifying today in the contested termination hearing. She really picked up the ball and ran with it and got herself prepared to testify for the hearing.” The email concluded, “Too often you probably just get complaints about your workers, but I was very happy with her testimony today.”
