HOME DELIVERED MEALS

Volunteer Guide

Home Delivered Meals Volunteer Guide

We are indebted to all our volunteers for their generous gifts of time and energy. Your commitment makes a difference in the lives of the isolated older adults in our community. Our staff will work with you to make your experience meaningful to you and the older adults we serve.

Even if it's a little thing, do something for those who have need of a man's help, something for which you get no pay but the privilege of doing it.

For, remember, you don't live in a world all your own.

Your brothers are here too.

~Albert Schweitzer

- Provide appropriate containers for transporting meals
- Provide route information (name, address, special instructions)

Volunteer Responsibilities:

Performance/Ethical Standards: Since volunteers have daily contact with older adults it is important to remember all consumer personal, medical and financial information is considered strictly confidential. All volunteers must sign and adhere to a Confidentiality Policy.

- Be courteous and respectful of older adults
- Make the older adult's needs the focus of the visit
- Maintain the confidentially of every older adult
- Maintain an appropriate distance from the older adults; do not counsel anyone unless you are trained to do so
- Do not give your personal information to anyone
- HDM volunteers/staff are not permitted to accept gifts, cash or gratuities
- Respect the cultural, religious and political views of clients and refrain from imposing your personal views on consumers.

Personal Safety: The personal safety of all volunteers is very important; please review the following precautions:

- Leave valuables at home or locked in secure place
- Always lock your car
- Never leave the car running or the keys in the car while delivering a meal
- Be alert during the delivery; pay attention to sidewalk, yard and floor conditions
- Do not enter a yard with an unrestrained dog
- Do not try to negotiate unsafe steps
- Use common sense; report any situation that makes you uncomfortable, you are not obligated to go anywhere you do not feel safe

Sanitation/Meal Safety: Proper handling of the meal, from preparation through delivery and consumption is essential to prevent food borne illness. This agency uses a time-temperature system to ensure the safety of each meal. The system begins when the meal temperature is recorded during packaging and is completed when the temperature of the last meal is taken. Please follow the steps below for each delivery:

- Make sure containers/coolers are tightly closed to keep cold and frozen food cold (at or below 41°).
- Load the vehicle as soon as possible
- Keep the containers level during delivery to prevent spillage
- Use sanitizing wipes between deliveries
- During the route, be sure to close containers after removing a meal to retain safe temperatures
- <u>Do not</u> leave a meal in a bag on the door or in a cooler; meal must be delivered to a person, preferably the consumer
- Encourage consumers to refrigerate the meal if they are not going to eat it immediately
- On the scheduled day, take and record the temperature of the last meal

NOTE: Please notify the HDM agency if the previous day's meal has not been eaten and whether it has been touched or moved from the location it was placed the day before. If a previous day's meal is found uneaten, please remove it from the home. It could contain spoiled food and because of poor vision and sense of smell, a recipient might accidentally eat a spoiled meal and get very sick.

Delivery Procedures: In addition to providing a meal, volunteers are able to observe a consumer's overall situation and relate all concerns to the HDM coordinator. Follow the established procedures listed below:

- Knock loudly or ring the bell several times
- Identify yourself
- Call out the consumers name
- Allow adequate time for older adult to answer and come to the door
- Assist older adult if asked
- Talk to or briefly see each older adult
- Notice changes in condition or environment such as:

Disorientation to time or place

Speech

Changes in mobility

Shortness of breath or labored breathing

Unopened meals from previous days

Lack of other food

Inadequate heating or cooling

Safety issues: broken steps, throw rugs, extension cords

Lack of utilities

Emergency Procedures: If the door or phone is not answered follow the steps below or your HDM agency's policy:

- Call the HDM office for instruction on next steps
- If you encounter an emergency situation do not move older adult
- If older adult is not conscious call 911, then HDM office
- Please wait with the older adult until help arrives

Contributions/Donations: Income is not an eligibility criterion. There is no fee for any individual that meets the AAA eligibility criteria. A suggested contribution toward the cost of the meal service can be requested on a regular basis (weekly or monthly):

- an eligible person cannot be denied service due to failure to contribute
- donations shall be voluntary and confidential
- consumers should self-determine what they are able to contribute
- contribution/donation policies should be explained to each new consumer
