

Independent Monitoring for Quality A Statewide Summary for 2016

Independent Monitoring for Quality

Making Everyday Lives a Reality

- Independent Monitoring for Quality (IM4Q) visits with adults and children age three and over who are supported by the Pennsylvania Office of Developmental Programs (ODP).
- IM4Q sends interviewers to talk to people who live in licensed community homes at least once every 3 years. Interviews are also conducted with people who live with their family, life-sharing families, independently, in intermediate care facilities (ICFs/MR), nursing facilities and personal care homes.

- Reports created from Independent Monitoring for Quality interviews are shared with provider agencies, administrative entities/counties, and the Planning Advisory Committee for the Office of Developmental Programs for purposes of improving peoples' quality of life.
- This information presents some of the findings from the 2015-16 statewide report. For a full report please contact your administrative entity/county or go to the Department of Human Services (DHS) website at www.state.pa.us.

Choice:
