

Open Burning Regulation

Open burning may only be conducted in accordance with ACHD Article XXI §2105.50 "Open Burning." Municipal ordinances may only be equal to or more stringent than ACHD regulations.

No person shall conduct, or allow to be conducted, the open burning of any material, except where the Department has issued an open burning permit, or where the open burning is conducted in accordance to Article XXI §2105.50 and is done in a manner which contributes a negligible amount of air contaminants.

No material other than clean wood, propane or natural gas may be open burned EXCEPT for:

- Commercially available fire logs, paraffin logs or wood pellets
- Paper or commercial smokeless fire starters in order to start a fire
- Charcoal for the preparation of food only

Fires may be no larger than 3' wide by 3' long by 2' high.

GovQA is the ACHD complaint portal. All air pollution related complaints - not just about wood smoke - can be reported. Complaints will be investigated by ACHD staff, and violations can be issued when necessary.
