Application Q&A**

2024 Emergency Solutions Grant (ESG) Application

June 27, 2024

- 1. We are interested in applying for 2024 ESG Application. We are reviewing the potential match requirements, and we wanted to review the possibility of a portion of our YHDP II Rapid Rehousing awarded by ACDHS - CofC -would be an eligible for fulfilling the match portion of the grant**

YHDP funds can be used for the ESG match requirement. More on ESG match can be found [here](#).

- 2. For Rapid Rehousing grant, can the selected subgrantee identify individuals and/or families that are homeless and meet the eligibility guidelines as outlined in the RFP and potential contract or will the subgrantee only be able to serve individuals referred through a third party**

All RRH participants will be referred via Coordinated Entry.

- 3. What is the total maximum grant amount for this RFP?**

The City and County each administer approximately \$1.2M in ESG funding annually. Current ESG funded project allocations range between \$70,000 and \$675,000. Proposers should put forward project budgets and justification for all allowable costs for successfully administering projects for which they have the capacity to implement. All proposed costs will be considered for reasonableness, and the final project scale, budget and contract terms will be negotiated with any Successful Proposer.
